Prior Art Citation

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Murata et al. (2003/0133374 and Supino et al. (5,914,922), both disclose an optical disk apparatus having the ability of removing offset from the tracking error signal.

Reasons For Allowance

2. The following is an Examiner's Statement of Reasons for Allowance:

The prior art of record alone or in combination does not teach or suggest the method and circuit for reducing tracking error offset in an optical disc drive having the combination of steps and element with their recited process and function, along with having the specific process for reducing tracking error offset which include the process of extracting a value proportional to a tracking error offset in a tracking error signal, scaling the output of the extracting process to match the scaling applied to the amplified tracking error signal and subtracting the output of the scaling process to form the tracking error signal, as set forth in claim 1-16.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
